AUTHORIZATION TO SHARE PROTECTED HEALTH INFORMATION

To comply with Federal HIPAA regulations, health plans must obtain a member's permission to share that member's protected health information with any other person. There are limited exceptions to this rule. Until a child reaches age 18, parents may access most of their child's health information without first obtaining the child's permission. However, regardless of the child's age, parents do not have access to diagnosis or treatment information, including payment information, for venereal diseases, abortion, and drug and alcohol abuse, unless the child specifically authorizes the release of such information.

As a member, you can use this form to authorize us to share your protected health information. Each person you identify will have the same access to your information. If you would like each person to access different information or to have access to your information for a different period of time, you'll need to complete separate forms for each individual or time period.

This authorization will include the disclosure of information relating to genetic testing, alcohol and drug abuse, mental health (excluding psychotherapy notes), abortion, and venereal disease information only if you place your initials on the corresponding line in Step 2. Additionally, if you would like to authorize us to release information regarding HIV/AIDS, a different form must be completed. To obtain a copy of this form please contact our office at the telephone number listed on your identification card, or access the form at the following website: http://www.health.state.ny.us/diseases/aids/forms/informedconsent.htm.

Your authorization is completely voluntary. Your enrollment in a health plan, eligibility for benefits, or payment of claims will not be conditioned on giving this authorization. If you need additional forms, you may copy this form, visit our Website and click on the Forms link under Member Resources at: https://www.lifetimebenefitsolutions.com, or login to your account at: https://ebrparticipant.lh1ondemand.com/main.aspx or contact our office at the telephone number at 1-800-327-7130.

As permitted by law, we will continue to communicate to providers of care involved in your treatment: (1) our payment activities in connection with your claims, (2) your health plan enrollment information and (3) your eligibility for benefits.

☐ Please check here if you would like to authorize access to psychotherapy notes. If this box is checked, then this authorization cannot be used for another reason. If checked, steps two and three on the disclosure form can be skipped.

Please be sure to complete all of the following steps.
