

# Inside Rx Prescription Discount Card

## Unlocking Valuable Savings on the Medications Your Employees Need

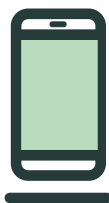

As the costs of healthcare and prescription drugs continue to increase, Lifetime Benefit Solutions (LBS) is committed to finding innovative solutions to help keep medications affordable and attainable for your employees. Inside Rx® is a prescription drug discount program designed to do just that. The Inside Rx prescription discount card provides savings on medications through a simple and personalized experience that lets your employees and their family members pay the lowest price possible for medications they may need.

### Paying Less for Their Prescriptions

The Inside Rx prescription discount card offers savings on thousands of brand-name and generic medications, with even deeper discounts on over 300 featured brand-name medications. With more than 60,000 major retail and independent participating pharmacies, the prescription discount card works to secure the best discounts for users.

Employees may be able to save up to 80%\* on some of the brand and generic medications they use regularly. The prescription discount card is free to download and easy to use - employees can simply present their Inside Rx card with a valid prescription at a participating pharmacy to start saving.

Employees can visit [InsideRx.com/LBS](https://www.insiderx.com/LBS) to:

Download a free prescription discount card right to their phone

Easily print, email or text themselves a copy of the prescription discount card

Find the lowest price available for medications outside of their plan

Search for drug prices at the most convenient participating pharmacies

The Inside Rx prescription discount card is available to all of your employees and their family members, regardless of whether or not they are currently enrolled in an LBS product or service. Your employees can start taking advantage of these valuable savings today. Should you have any questions, contact your dedicated LBS Account Executive for more information.

\*Average savings based on usage and Inside Rx data as compared to cash prices; average savings for all generics are **78%**; **37%** for select brand medications; restrictions apply.

Inside Rx provides discounts on prescription medications to employees of LBS clients. Inside Rx is not part of LBS.
